

## **Win it Wednesday**

### **Terms & Conditions:**

To ensure that you receive a prompt credit following running the competition please observe the subsequent points:

- Please do not amend the Horslyx designed social media card in any way, including stretching, skewing or cropping the image. If this occurs we cannot guarantee that credit will be raised.
- Please ensure that all posts follow the provided text, especially taking note of the name of the product, this is to ensure that product names are represented correctly. Incorrect representation of our product names means we cannot guarantee that a credit will be raised.
- We would prefer that you do not put a stockist logo onto the social media card as we are sure that your branding on your facebook page is strong enough on its own, however if using a stockist logo this should never interfere with the images on the social media card including overlapping or being larger than the Horslyx logo, our provided text or our pack shot. If this occurs we cannot guarantee that a credit will be raised.
